It was a national coliday in the Dominion, which meant that every conditional that prevent conditions and the property of the state of the color of the property conditions and the color of the color of the property of the color of the opening day, turned out at Woodbine. It was a galu occasion and Secretary Fraser had done his part by offering a splendid program. Besides the rich Woodstock Plate, there were offered as attractions the Victoria Stakes, the Scarboro Steeplechase and the Queen's Hotel Cup. All four of the events furnished stirring contests and one of the best day's sport ever run off at Woodbine was witnessed. P. T. Chinn saddled the winners in two of the events, in Guy Fisher and Joe Gaitens. The former ran in the colors of the Idlebrook Stable and showed a splendil performance. VIRGINIANS PLEASED WITH RACING.

Norfolk. Va., May 24.—One of the largest crowds of the meeting was present at the track this afternoon. The Virginians are taking to racing like a duck takes to water and Norfolk can now be assured a permanent place on the racing map. Four bookmakers had all the business they could attend to and unit about even on the day, as Kenmare Queen, Botanist and Spanish Prince were all well backed.

CONDENSED HISTORY OF THE LATONIA DERBY

The Latonia Derby is a race of historical associations and in its time has been won by many fast and famous horses. But in its recent years it has been an unlucky event in respect to the number and class of its contestants. The recently adopted policy of not closing it for entries until in the year of its running appeared to promise that it would secure about all of the good and sound three-year-olds of each year, but so far it has not worked out that way. It is regretable that an event of its character and value is to be fought out today by no more than four starters. Still it may prove a better race than it now appears, especially since for the first time this year the true Derby route is to be traversed. The record of the race is as follows:

JAMES R. KEENE WELL IN THE LEAD.

Vice-President of the Jockey Club Again in Fair Way to Head List of American Owners.

New York. May 24.—James R. Keene, whose horses have won more money than those of any other owner on the American turf for four years in succession. has made an excellent start towards once more achieving that distinction. Since the opening of the Belmont Park meeting his horses have earned in excess of \$18,000, which is far and away in excess of the earnings of any other stable raced at the meeting. Maskette and Hilarious account for all of this total except a \$300 purse won by Sweep. It is already being predicted that Mr. Keene will again head the list of American owners, in split of this total except a \$300 purse won by Sweep. It is already being predicted that Mr. Keene will again head the list of American owners, in split of the sear, and the opinion is gaining ground that Hilarious will prove to be another Ballot.

What he has in the two-year-old division can only be conjectured. So far, with the exception of Sweep, none of the woungsters has shown startling speed. Sweep certainly proved that he can run fast, and if he can carry weight and go a distance it will take a mightly fine colt to beat bim.

So far as the three-year-olds are concerned therean be no doubts. Maskette's budding promise of last year has blossomed into sterling performance. Her Futurity forefold her victory in the Ladies Stakes. She is certainly the queen of the fillies stakes. She is certainly the queen of the fillies stakes. She is certainly the queen of the fillies of her age that can beat her at a mile or a mile and a furlong.

Hilarious showed beyond peradventure in the Withers Stakes that he is "the" 'colt nar excellence to date. Hilarious is by Voter and has all his sire's fine speed. Like Ballot he is robust, deep through the heart, short coupled, and stands over plenty of ground, although seemingly a bunched-up horse. Like the Voter family he carries a lot of flesh, and so far has handled his weight seemingly a bunched-up horse. Like the Voter family he carries a lot of flesh, and so far has handled his weight seemingly a bunch

the voter family the carries a lot of hesh, and so tar has handled his weight seemingly without an effort. His stride is good and his action fine. When he read to be a superstant of the strength of the lorse can go the Derby route—a mile and a half—without flinching.

It is in the races for the two-year-old stakes that he Keene horses will meet the greatest opposition. John E. Madden, who had the best two-year-old colt of last season in Sir Martin—the colt now second favorite for the Ensom Derby—has a bunch of two-year-olds that cannot be excelled for looks. Some of them have already shown their quality.

bunch of two-year-outs that came already shown their quality.

Some of them have already shown their quality.

No doubt the vice-chairman of the Jockey Club regrets, keenly that Hilarious is not eligible for the Belmont, the Westchester Association's \$30,000 race at one mile and three furlongs, to be run next week. The Keene horses in the Belmont are Casque, son of Commando and Running Stream, and Sunbury, son of Kingston and Editha. Casque will probably bear the Keene colors in the Belmont if anything does, the is said to have worked well for the Metropolitan.

He is said to have worked well for the Metropolitan.

Hilarious' next important stake engagement is in the Brooklyn Handicap, this year a \$5,000 race, at one mile and a quarter, to be run at Gravesend track on the opening day of the Brooklyn Jockey Club's spring meeting. Mr. Keene has won three Brooklyns with three-year-olds. His first winner of that age was Conroy, a son of St. Leonards, his second was Superman, a son of Commando and Anomaly, and life third was Celt, a son of Commando and belie of Erin. Celt has not started since last season's Brooklyn, but he is eligible for this season's race, and he may start again. Celt is training as satisfactorily, it is said, as any horse at the Bay.

WILL BUY LATEST PATTERN MACHINES.

Louisville, Ky., May 24.—The success of the mutuel and auction pool systems of betting here this season bave insured takel permanency and the management will foster the methods and attempt many improvements. They intend sending to France for a totalizer and also to secure the latest mode of mutuel machines. The machines that have been used here make provision for only ten borses, preventing the sale of individual starters in the event that the number exceeds ten in any one race. The new machines will obviate this difficulty.

READY FOR ACTION AT LATONIA.

Small Derby Field, with Olambala a Hot Favorite Feature of Today.

Cincinnati, O., May 24.—Latonia's thirty days of racing, which begins tomorrow, promises to meet with every success judging by the local interest manifest and the number of out-of-town race followers here. The club officials are sanguine that high-class racing will ensue and have gone to extremes to make it possible. In this they will be ajded by the good class of horses that will be seen in action here. Probably never before have there been in the aggregate a better band of racers assembled at this track than at present. From various sections of the country horsemen have sent representatives and it is only natural to assume that the sport will be the best witnessed here in many scasons.

The decision to operate with bookmakers here has caused a number of prominent layers to invade this stack and an unbert of prominent layers to invade this sensed and the repairs made recently have improved it considerably. If the threatened rain holds off until after tomorrow, a monster crowd is expected to be on hand.

All the officials who will preside arrived today. Joseph A. Murphy got in this morning from Houston, Tex., and Charles F. Price and Jake Holtman from Louisville.

The Latonia Derby, which is the stellar feature of the six races carded for tomorrow, is without much interest. Olambala will be a short-priced favorite, with the Lesh & Young pair. Warfield and Plate Glass, next in favor. The Peer will be the outsider the lowers and probable prices are:

"Warfield (S. Page), 2-1.

NO INTERFERENCE WITH LATONIA.

Lexington, Ky., May 21.—The State Racing Commission met here today to discuss with its attorneys the status of the case now pending in the Court of Appeals. When asked if the commission it ad issued a warning order to owners, trainers and lockeys not to participate in the meeting at Latonia, which begins tomorrow, Colonel Jack P. Chinn said the injunction secured against the commission by the Latonia officials prevented the body from taking any action whatever. This injunction holds until dissolved by the Court of Appeals.

J. Morgan Chinn, attorney for the commission, said the court would likely hand down a decision within the present week, but that it would in no way interfere with the meeting at Latonia, as the law allows thirty days in which to ask for a rehearing of the case.

Hal Woodford appeared before the commission and secured a license for lockey George Mountain, to ride exclusively for the stable of Woodford & Fizer.

New York, May 24.—The extra day of racing at Belmont Park today was a tremendous success in point of attendance, and it is probable that at least one more afternoon will be added to the original schedule. The beautiful summerlike weather brought out a particularly large Monday crowd, though "wash day" has never been an altogether popular one, even in the more successful seasons of the sport. Originally a promising card overnight, the second, third, founth and fifth races were nartially rulined by withdrawals. WALKER-OTIS LAW CASES DISMISSED

Men Arrested for Betting at Baseball Game in San Francisco Go Free When Cases Come to Trial.

San Francisco, Cal., May 24.—The first arrests made under the Walker-Otis anti-betting act have not proved successful, as Police Judge Weller, before whom they were tried, deeided that they did not come within the purview of the act.

The cases were those of Frank Myers, John Wilson and Frank Edwards, charged with gambling at the ball grounds. The district attorney's office experienced considerable difficulty in drawing up a complaint, and finally one was drawn up charging Myers with forwarding money.

LATONIA DERBY CANDIDATES WORKED.

Cincinnati, O., May 24.—Three of the Latonja Derby candidates worked yesterday. Olambala was sent a mile and a quarter, and it was trainer John Ferriss' intention to have him go the route in about 2:12. The colt came back in 2:125 in the easiest sort of fashion, being hard held all the way. Warfield and Plate Glass were sent a mile and an eighth together, the black maiden going it in 2:004 and Warfield in 1:595. The work was not as impressive as that of Olambala.

The majority of the trainers who were at Louisville think there is nothing to the race but Olambala, and some are so enthusiastic over his chances that they declare he would win even if Wintergreen was good and fit. John Ferriss, who trains Olambala, is very confident of the outcome.

BARNEY SCHREIBER'S VICTORIA STRING.

Woodland, Cal., May 24.—T. E. Crist is taking eleven head of Barney Schreiber's horses, together with his own mare. Taunt, from here to race at the Victoria summer meeting soon to onen. These horses have been in training at the Woodland track, which is convenient to the breeding farm which Mr. Schreiber established here some two or three years ago. Mr. Schreiber has likewise arranged to ship an additional carload of his horses from his famous Woodlands Farm in Missourt to Crist, with the idea of finding purchasers for the entire consignment during the progress of the Victoria and Vancouver meetings. The master of Woodlands figures that there should be a profitable demand for thoroughbreds in Schrift Columbia as a natural result of the progress which racing is making in that province.

ENGLAND'S GREATEST WEEK OF RACING.

The Epsom Derby, Epsom Oaks and Coronation Cup to Be Decided Within Four Days.

The Epsom Summer Meeting begins today. To Englishmen it is the greatest racing reunion of each year, because in its course the Derby and Oaks are decided. They are the chief features, but there are others of interest and importance. Today the Woodcote Stakes of 1,000 sovereigns, for two-year-olds, at three-quarters of a mile, is the most valuable event un for decision. C. Carroll's Troubled Great and Control of the Control

Montreal. Que., May 24.—Entries for the King's Plate, which will be a feature of the Blue Bonnets spring meeting, to which only Quebec-bred horses are eligible, number ten. This is a fair showing considering that for the past decade the breeding industry of this province has been entirely confined to the ranks of farmer-horsemen. The wonder is that the interest has been kept up to such a good point. Farmers as a rule have not much time to devote the control of Montreal and the control of Montreal and the control of Montreal and the control of Montreal layer of the same to the control of Montreal layer entirely during the dull years just preceding the advent of the Montreal Jockey Club. They are certainly coming into their own now, for not only has the club acted most generously toward the Plate race, but the provincial government has donated \$500 to be divided amongst the breeders of the first four horses.

Following are the conditions of the race and the entries made:

The King's Plate, for three-year-olds and upward oned, foodley and raised in the Province of Quebec. Sountry other than a race exclusively for house country other than a race exclusively for house of the first horse to receive the guineas, stakes and added money, out of which \$300 to the second horse and \$200 to the third. By subscription of \$10, each, to accompany the entry, and \$15 additional to start. The government of the Province of Quebec (Inb., the first horse to receive the guineas, stakes and added money, out of which \$300 to the second horse, and \$200 to the third. By subscription of \$10, each, to accompany the entry, and \$15 additional to start. The government of the Province of Ouebec in the interest of the improvement of the breeder of the second horse, makes the following special awards: \$225 to the breeder of the winner, \$150 to the breeder of the third, \$200 to the second horse, makes the following special awards: \$225 to the breeder of the winner, \$150 to the breeder of the winner, \$150 to the breeder of the winner, \$150 to the fer. MACKEY SELECTING MARES FOR EXPORT.

Lexington, Ky., May 24.—John Mackey is selecting the hundred broodmarcs and foals that J. B. Haggin is to ship to the Argentine Republic, where a similar consignment brought good prices last year. When Mr. Haggin finishes the weeding out of his Land the Haggin is to ship to the Argentine Republic, where a similar consignment brought good prices last year. When Mr. Haggin finishes the weeding out of his Land the Haggin finishes the weeding out of his Land the Hart-Agnew law, which made this curtailment finan 200 stallions and mares. Before the passage of the Hart-Agnew law, which made this curtailment mecessary, Mr. Haggin maintained 550 stallions and mares in Kentucky and sold their produce annually earlings at thoroughbred sales, he shipped a big consignment of mares he considered ordinary to Henderson, Ky., and sold them to raisers of mules in western Kentucky, Missouri and Tennessee. The nedistress of these mares were suppressed, of course, and they are lost to the thoroughbred and the hybrid produce is an animal of superior excellence. The thoroughbred made is known, after he attains and rearring mules than the thoroughbred, and the hybrid produce is an animal of superior excellence. The thoroughbred mare is known, after he attains maturity, is a handsomer, bigger and more docile and enduring animal than any other kind. They are especially popular with British army officers, who found them peculiarly serviceable in South Africa during the Boer war.

COMMENT ON EASTERN PROSPECTS

New York, May 24.—Commenting on yesterday's extra racing at Belmont Park, the Sun remarks: "If such liberality is possible at the big Queens track, which is the most inaccessible of all the Jockey Club race courses, there is every reason to believe that there will be four days of racing each week at Gravesend, Sheepshead Bay and Empire (little, explant can be easily reached at comparatively fittle, explant can be week at Gravesend, Sheepshead Bay and Empire City, which can be easily reached at comparatively little expense. It has been demonstrated to the satisfaction of the track owners that with expenses materially reduced and free badges abolished, racing can be conducted in future without loss, and perhaps at a small profit. The Jockey Club ins always had the interests of horsemen under consideration and has never ros stight of the plan to provide as the constant of the constant

THE TROTTERS TAKE POSSESSION.

Memphis, Tenn., May 24.—Montgomery Park, for thirty years and more the scene of many of the greatest running races in the country, was formally dedicated as a race track for trotters and pacers this afternoon when a special meeting for amateur drivers was given. The Tri-State Fair, which now controls the park, has resoiled and regraded the old track. Ed Geers and other famous trainers now here pronounce it as fast as any track in the country.

AMERICANS TO THE FRONT IN GERMANY.

George Walker Wins Several Stakes for the Weinberg Bros .- Jockey Joe Notter Piloting Winners.

Valuable stakes have been won by the horses that George Walker is handling in Germany, although the turf season has barely started. Walker, assisted by Mickey Shannon and a full American crew, is training the Weinberg Bros.' string. Horizont II., a son of Florizel II., scared all candidates out of the Staats prize, worth 5,300 marks to the winner, and enjoyed a walkover.

Eaust won the Goldene Peitsche, defeating a big field and adding 5,000 marks to the stable's earnings. Droll captured the Edgardo Rennen, a prize of 6,000 marks to the winner, and Ladylike won the Sperber Rennen, worth 3,000 marks. Fervor was also a winner of a 3,000 marks stake. Joe Notter rode them all.

Radtke, Relif and Bullock are some of the other American jockeys riding in Germany.

HACHMEISTER ON LOUISVILLE RESULTS.

Cincinnati. O., May 24.—John Hachmeister has arrived here from Lonisville, and the same train that brought him carried Colonel Matt Winn and Lyman Davis to New York City, where they will get out the stakes for the summer meeting at the Emplice City track.

Colonel Winn, in an interview, said that he was pleased with the outcome of the Louisville meeting, and that a fall meeting limited in length is a surething at Louisville.

John Hachmeister said, in reference to the Louisville session: "The association made more than it did last year for several reasons. The mutuels held up better than anticipated; they were run at less expense and there was also a cut in the daily adden money to the purses that amounted to something when the eighteen days were over." I am satisfied that Louisville will support a race neeting with the parl-mutuels, but I question if the stockholders will be satisfied with about one per cent. dividend on their investment.

JOCKEY LYNE POPULAR IN BELGIUM.

New York, May 24.—Trainer Robert Shannon writes from Brussels that racing is more popular than ever before and that the American jockey, Lucien Lyne, is held in high esteem throughout Belgium, Lyne has ridden on nearly all of the principal courses of Europe. His familiarity with the methods employed abroad has enabled trainer Shannon to get quickly accustomed to the order of racing in general, which differs from the American plan. OVERSIGHT WINS ANOTHER STAKE.

Paris, May 24.—W. K. Vanderbilt's Oversight women the Prix la Rochette of \$6,000 at eleven fur-longs at the Longehamps course Sunday. Mr. Van-derbilt's Negofol finished second in the Prix du Prince de Galles at a mile and a balf.

DURYEA WINS RACE IN FRANCE.

Paris, May 24.—The Prix Rocher, run at St. Cloud today, was won by H. P. Duryea's Rose Noble, W. K. Yanderbilt's Susquehanna came in second in the Prix Marguerite.
